To our Subscribers:—

It will be observed that we give the surplus in each case—that of the National Banks being obtained direct from the Comptroller of the Currency, and the others by direct correspondence with the banks.

We ask you to promptly notify us of any changes in your bank or in banks in your vicinity, and trust you will inform us of any errors you may discover in our work.

We trust that you will extend the same generous support to the new work that you did to the editor while connected with *Underwood's Counterfeit Detector*, and we promise to do all in our power to make the work worthy of your confidence.

ROBINSONIAN UNIVERSAL INTEREST TABLES, &c.

J. WATTS ROBINSON, Author.

Already the standard Interest book in the principal cities of the Union, although the first copy was sold not much more than a year since. Third edition is now ready. Contains 120 pages, bound in cloth, with steel edges, and comprises:

INTEREST at 1¼, 1½, 1¾, 2, 2¼, 2½, 2¾, 3, 3¼, 3½, 3¾, 4, 4¼, 4½, 4¾, 5, 5¼, 5½, 5¾, 6, 6½, 7, 7½, 8, 9, 10, and 12 per cent., on a basis of 360 days to the year, on all amounts for any time from 1 day to 9 years—reckoning either by *days* or by *months and days;* and taking out months and days conjointly.

(In addition, we can obtain ⅛ per cent. from 1¼; ¼ from 2½; ¾ from 3¾; ½ from 5; ¾ from 7½; and 1 from 10 per cent., by simply pointing off one figure as a decimal from the interest obtained at those rates; and ⅝ from 1¼; ⅞ from 1¾; 1⅛ from 2¼; 1⅜ from 2¾; 1⅞ from 3¾; 2⅛ from 4¼; 2⅜ from 4¾; 2⅝ from 5¼; and 2⅞ from 5¾, by dividing either the principal, time, or interest, by 2.)

INTEREST at 2, 2½, 3, 3½, 4, 4½, 5, 5½, 6, 6½, 7, 7½, 8, 9, and 10 per cent., on a basis of 365 days to the year, on all amounts for any time from 1 day to 9 years.

AVERAGING ACCOUNTS, by the simplest, quickest, and easiest system in the world—*universally so admitted.* Accounts running 3 years are averaged just as easily as those running for a shorter time. A book, "*Average and Interest Tables,*" containing the system of Averaging Accounts and Interest at 5, 6, 7, 8, and 10 per cent., will be sent post-paid for $2.00.

COMPOUND INTEREST at 1½, 2, 2½, 3, 3½, 4, 4½, 5, 5½, 6, 7, 8, and 9 per cent., on all amounts, for any time up to that at which the principle doubles itself.

STERLING EXCHANGE TABLES, by *quarter* cents, at any rate from $4.75 to $4.95 to the £, on any amount, converting both ways. (These tables are published separately at $2.50 a copy.)

FRACTIONAL DISCOUNTS.—At any fractional *sixteenth* rate from one-sixteenth to twelve per cent., on any amount. This Table is applicable as well to COMMISSIONS, PREMIUMS, and EXCHANGES, and is wonderfully useful and labor-saving.

CUMULATIVE DISCOUNTS.—A table giving instantly the net amounts resulting from almost any possible combination of cumulative discounts.

INTEREST ON DAILY BALANCES.—On any amount up to $10,0 0,000, at ANY rate whatever, by the simplest process and in one-third the time required by any other method.

TIME-TELLERS AND DUE DATE TABLES.—The best and most complete extant. Entirely original.

☞ Each page is SIDE-INDEXED, and each rate of Interest, &c., is displayed at *one view,* on one opening of the book, thus avoiding that ceaseless annoyance of other books of a like nature, the "turning of pages," and thereby making references easier and quicker than by any other Interest book whatever. Its *comprehensiveness,* you will see, is entirely unparalleled and even unapproached by *any* or *all* other works of a like nature. Its *simplicity* is marked, and its *cheapness* is unattainable by any other system or arrangement. Its *reliability* is unquestioned by all who know its author and who are acquainted with the methods by which it has been computed and revised. It is UNIVERSALLY approved by all Bankers, Brokers, Discount Clerks, Bookkeepers, and Accountants generally, who have examined it, as *by far* the best and most practical book of the kind extant.

TESTIMONIALS.

The more I examine your interest book, the more I think of it. I would not sell it at any price, if I could not replace it.—J. S. BLACKALLER, Cashier Pomeroy National Bank, Pomeroy, O.

We have disposed of all we had on hand, and must say that they have given better satisfaction and sold more readily than any book of the kind we have ever handled.—J. R. MILLS & Co., Booksellers, Cincinnati, O.

Undoubtedly, your "Universal Interest Tables" are the very best in use, and I cordially recommend them.—G. R. CHAPMAN, Cashier Merchants' National Bank, Boston.

I have examined your Robinsonian Universal Interest Tables, and regard them the best and simplest that I have yet seen.—J. J. EDDY, Cashier Maverick National Bank, Boston.

I have used your interest tables in computing Interest on Daily Balances, and have recommended them to several persons for the same use.—H. W. STEVENS, Bookkeeper National Bank of the Republic, Boston.

I have been greatly pleased with these Tables, and have made great use of them for over six months.—CHARLES E. SPRAGUE, Secretary Union Dime Savings Institution, New York City.

We have used the Robinsonian Interest and Equation Tables for over a year, and have found them the most valuable of the kind of any we have examined. We are convinced they will save bookkeepers and accountants much valuable time in equating accounts, computing interest, etc. Any one who has used them will find them indispensable.—E. L HARPER & Co., Cincinnati, O.

I am satisfied that this interest table is the best in use.—J. S. LEAROYD, Cashier National Exchange Bank of Boston.

The *best* Interest Table I have ever used—and I have used five different kinds.—E. T. ABBOTT, Accountant, Boston.

I have carefully examined your book of interest and discount tables, and am much pleased with the simplicity and compactness of the arrangement.—D. S. MITCHELL, Discount Clerk First National Bank, Cincinnati, O.

We have used the Robinsonian Interest Tables for some time, and consider the book a most excellent and valuable work.—JOHN P. ERNST, Cashier Northern Bank of Kentucky, Covington, Ky.

Having used the Robinsonian Interest Tables for about a year, am satisfied they are the best interest tables I have seen.—BEN. BARTLETT, Discount Clerk Fourth National Bank, Cincinnati, O.

I regard it a very complete and valuable work.—G. GREEN, Discount Clerk Third National Bank, Cincinnati, O.

I have given your work a pretty thorough examination, and must say it is a wonderful production. In a business experience of over twenty years, I have seen and used nearly everything in the way of interest tables, accountants' assistants, etc., but your work is so far superior to all, that a comparison is hardly fair.—THOMAS MOORE, Lafayette, Ind.
